Accessibility Statement – ATRON electronic GmbH
As of: December 3, 2025

ATRON electronic GmbH is committed to making its digital offerings accessible and follows the WCAG 2.1 Level AA guidelines. The goal is to ensure that all users – regardless of physical, visual, auditory, or cognitive limitations – can access content and use functions.

Implementation and measures:

- Clear structuring of content, headings, and lists
- Alternative text for images and graphics
- Keyboard operability and compatibility with screen readers
- Ensuring color contrast and readability
- Regular testing and documentation of measures

Exceptions:
Certain content or functions may not be completely accessible for technical reasons. These are documented, regularly reviewed, and adapted where possible.
